UTT APPLICATION PROCEDURE FOR OFFICE/RETAIL IN REEM ISLAND AND RAWDHAT ABU DHABI

In order to apply for any telecommunication service (Intranet, Telephone, TV, PABX, IPVN) please follow the below steps:

STEP 1

Provide the following documents to UTT HO:

1. Commercial Checklist (Application Form)
2. Trade license and VAT registration certificate of the company requesting for service.
3. CCTV, ACS and (Data &Telephone) layout drawings should be submitted as two hard copy and one soft copy (by CD) in separate of each system.

STEP 2

Site Survey is required to proceed with UTT Quotation.

STEP 3

Full payment is required to start UTT work.

STEP 4

After work completion, all payments have to be settled in order to release UTT clearance toward the UAE telecoms services providers.

Notes:

• UTT scope of work:

1. SCS: Fiber Optical Cable (FTR to ONU), ONU, CAT6 (Inside the retail) and all Cables termination.
2. ACS: Cables and devices.
3. CCTV: Cables and devices

• UTT requirements to start the work:

1. **STEP 3** to be completed.
2. All the containments, conduits, back boxes and civil works have to be carried out by the client or contractor.
3. Conduits must be PVC type with a diameter of 25mm inclusive of nylon rope (6mm) provided inside each conduit.
